

## 500kw energy storage cabinet at the capital site

Stationary Energy Storage | SBE500 | GeneracGenerac's SBE500 battery energy storage system is our latest addition to a portfolio of products and technologies helping commercial and industrial customers to meet their current and future energy goals. 500kW Battery Energy Storage System Each BESS container has either a 300kW or 500kW PCS system offering a complete, install ready energy storage system. All system systems are offered with either 400VAC or 480VAC Container ESS 500kW/1053kWh The RS485 certified Outdoor ESS Cabinet has a robust and rugged internal and external structure. It is delivered >95% pre-assembled, having 500kW 1MWh Microgrid Industrial Battery Energy Storage System Easily upgradable from 500kW to 1MW of energy storage, storing up to 3.8MWh of energy, enough to power an average 3,600 homes for one hour. New York City Set To Receive Largest Battery When the battery storage project becomes operational, it will stand as the largest battery storage installation in New York City, capable of powering over 10,000 households during peak demand periods according AINEGY 500KW Hybrid Inverter+LiFePO4 This is a 500KW small-scale commercial and industrial energy storage system. It can store electricity through photovoltaic, diesel generators, and other means, with off-grid design. Solutions 250kW and 500kW storage-only PCS could be equipped with external STS cabinet to offer up to 20ms automatically switching between grid-following and grid-forming status. BESS Container 500KW 2MWH 40FT Energy The IP54-rated enclosure ensures dependable operation even in harsh environments. Consequently, with its robust features and exceptional scalability, the BESS Container 500kW 2MWh 40FT Energy Storage 500KW 1MW1MWH ESS SYSTEM LARGE CAPACITY Container energy storage with large capacity Containerized Battery Energy Storage Systems (BESS) are essentially large batteries housed within storage containers. These systems are 250kW/500kWh Outdoor Cabinet Energy Storage System It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the Stationary Energy Storage | SBE500 | GeneracGenerac's SBE500 battery energy storage system is our latest addition to a portfolio of products and technologies helping commercial and industrial customers to meet their current and future Container ESS 500kW/1053kWh The RS485 certified Outdoor ESS Cabinet has a robust and rugged internal and external structure. It is delivered >95% pre-assembled, having already been manufactured, assembled, New York City Set To Receive Largest Battery Storage Project When the battery storage project becomes operational, it will stand as the largest battery storage installation in New York City, capable of powering over 10,000 households BESS Container 500KW 2MWH 40FT Energy Storage System The IP54-rated enclosure ensures dependable operation even in harsh environments.
