

## Belize's export energy storage product ranking

How much sugar does Belize export? As of , Belize exported 199.29 thousand long tons of sugar, valued at \$136.36 million. This represented 48% of Belize's total exports. 82% of the sugar produced was exported directly to the United Kingdom, with exports peaking in July. The United States was the second largest exporting partner, accounting for 9% of Belize's sugar exports. What percentage of Belize's exports go to other countries? From a continental perspective, 35.3% of Belize's exports by value was delivered to fellow European countries while 31.6% was sold to importers in Latin America excluding Mexico but including the Caribbean. Belize shipped another 30.8% worth of goods to North America. How much did Belize export in ? From to , the overall value of Belizean exports fell -11.5% from \$286.4 million. The only country in Central America having English as its official language, Belize is located along Central America's eastern coast and shares its northern land border with Mexico. How did Belize's Sugar exports perform compared to other countries? Belize's shipments of sugar including confectionery made from sugar posted the remaining gain in value, up by 2.4%. The leading decliner among Belize's top 10 export categories was vegetables, pulled down by a -37.1% year-over-year drop. Does Belize have a competitive advantage in Sugar & Sugar confectionery products? In turn, these cashflows indicate Belize's strong competitive advantages under the sugar and sugar confectionery product category. Belize incurred an overall -US\$1.084 billion product trade deficit for , flatlining by -0.7% from the -\$1.092 billion in red ink one year earlier in . Our analysts track relevant industries related to the Belize Energy Storage Solutions Market, allowing our clients with actionable intelligence and reliable forecasts tailored to emerging regional needs. Our analysts track relevant industries related to the Belize Energy Storage Solutions Market, allowing our clients with actionable intelligence and reliable forecasts tailored to emerging regional needs. How does 6Wresearch market report help businesses in making strategic decisions? 6Wresearch actively monitors the Belize Energy Storage Solutions Market and publishes its comprehensive annual report, highlighting emerging trends, growth drivers, revenue analysis, and forecast outlook. Our insights Once called British Honduras, the independent Commonwealth country now named Belize shipped US\$277 million worth of products around the world in . That dollar amount results from a 30.8% upturn compared to \$211.9 million 5 years earlier during . From to , the overall value of Imports from Mexico (~30-50%), closely correlated with the price of fossil fuels and purchased on the 2-day ahead market leading to electricity price volatility. Average cost of electricity in (BZ\$/kWh). Power demand expected to triple by , Belize committed to reach 75% Renewables in its Renewable energy; Top exports to Belize. Like other Central American countries, fuels top Belize's import list. Similarly, its exports are mainly food-led, including sugar, bananas, and fruit juice. According to the United Nations COMTRADE database, compiled by Trading Economics, the top exports The new Belize Energy Resilience and Sustainability Project will deploy state-of-the-art battery energy storage systems across four strategic locations in the country, marking a significant step forward in modernizing Belize's energy infrastructure and reducing its dependency on electricity With tourism driving 40% of its GDP \* and agriculture soaking up 15% of energy resources \*,
