

## Bulgaria Station Energy Storage Project

Bulgaria's Ministry of Energy has approved EUR588 million in funding for 82 standalone battery energy storage projects, totaling nearly 9.7GWh of usable capacity. The final decision, announced on April 17, , concludes a competitive selection process that began with 151 proposals in August . Bulgaria's 3 GWh standalone energy storage A total of 151 project proposals were submitted in Bulgaria's standalone energy storage procurement procedure named RESTORE, which is seeking to support the construction and commissioning of renewable Bulgaria Commits EUR600 Million to Nearly 10GWh in Energy Bulgaria's Ministry of Energy has approved EUR588 million in funding for 82 standalone battery energy storage projects, totaling nearly 9.7GWh of usable capacity. The Bulgarian Tender Awards Nearly 10 GWh of Energy StorageThe chosen projects were evaluated for their ability to meet Bulgaria's energy storage needs while adhering to the program's rigorous standards. The high storage capacity Sunotec, Shell sign spread hedge deal for Bulgarian BESS projectGerman-Bulgarian solar photovoltaic (PV) plant developer Sunotec signed a five-year cross-border spread hedge agreement with UK-based energy commodities trader Shell Bulgaria Is Promoting Standalone Battery Storage Bgaria will finance 82 standalone battery storage projects worth over 1.15 billion levs (\$675 million) under its EU-funded procurement exercise named RESTORE. The selected projects will deliver a total Bulgaria allocates close to 10 GWh of energy All facilities must be connected to Bulgaria's grid and operational by March . RESTORE is part of Bulgaria's National Recovery and Resilience Plan (NRRP), which supports the country's Energy Storage in Bulgaria Surges with 9.7 GWh Bulgaria is taking bold steps toward a greener energy future, having recently wrapped up its most ambitious energy storage tender to date. Sigenergy Day Europe : Showcasing the Optimal BESS in In just 10 days, a 20MWh utility-scale project was successfully built in Malko Tarnovo, Bulgaria. No cranes, no complex foundations--thanks to an innovative modular BULGARIA ENERGY STORAGE AS A CATALYST FOR A Bulgaria Hybrid Energy Storage Power Station Project A new large hybrid energy project, consisting of a photovoltaic plant and a battery energy storage station, has opened in Bulgaria. Bulgaria grants EUR 587 million to 82 battery storage projectsDevelopers of 82 standalone battery storage projects in Bulgaria, for an overall 9.71 GWh in capacity, got approval for EUR 587 million in subsidies from the Ministry of Bulgaria's 3 GWh standalone energy storage tender heavily A total of 151 project proposals were submitted in Bulgaria's standalone energy storage procurement procedure named RESTORE, which is seeking to support the Bulgaria Commits EUR600 Million to Nearly 10GWh in Energy Storage Bulgaria's Ministry of Energy has approved EUR588 million in funding for 82 standalone battery energy storage projects, totaling nearly 9.7GWh of usable capacity. The Bulgaria Is Promoting Standalone Battery Storage Upto 10GWBgaria will finance 82 standalone battery storage projects worth over 1.15 billion levs (\$675 million) under its EU-funded procurement exercise named RESTORE. The selected Bulgaria allocates close to 10 GWh of energy storage capacity All facilities must be connected to Bulgaria's grid and operational by March . RESTORE is part of Bulgaria's National Recovery and Resilience Plan (NRRP), which Energy Storage in Bulgaria Surges with 9.7 GWh
