

## Customized solar curtain wall for office buildings

Are solar innovations &#174; curtain wall frames custom built?All Solar Innovations &#174; curtain wall frames are custom built to meet the exact dimensions of your opening. Solar Innovations &#174; offers eight standard frame finish colors and unfinished aluminum; custom finish options are available at an additional cost. What is a solar curtain wall?Commercial applications are most often designed, engineered, and installed by Solar as storefronts. The curtain wall can be utilized on virtually any type of business. A system can be added to the exterior of your building or utilized for interior divisions between departments or as office walls. What is a full-scale curtain wall system?The full-scale curtain wall system can be used on office building facades, which can be easily merged into built environment with the patterns of marble, terracotta, black and white. The colored PV modules can be customized and satisfied to the needs of the design requirement. What are solar curtain walls made out of?All curtain walls manufactured by Solar are constructed out of durable aluminum. The benefit of an aluminum curtain wall is the reduction in required maintenance. Aluminum curtain walls will not rot, rust, warp, expand with heat, or require constant finishing. What is a curtain wall system?The Curtain Wall System is a thermally enhanced aluminum tubular glazing system for commercial and residential applications. Curtain walls are an excellent way to bring natural light into a room while remaining protected from the elements. Are curtain wall fa&#231;ades sustainable?With attention to detail, curtain wall fa&#231;ades can be more sustainable than you might expect. Vertical Glazing All Solar Innovations &#174; curtain wall frames are custom built to meet the exact dimensions of your opening. Solar Innovations &#174; offers eight standard frame finish colors and unfinished Onyx Solar: the global leader in photovoltaic glass for buildings.We are pioneers in integrating personalized photovoltaic glass into the very fabric of your curtain wall, marrying aesthetic elegance with unparalleled energy efficiency. Energy-Efficient Facade and Curtain Wall SystemsVetrina Facades & Curtain Wall Modules Ideal for commercial, public, and industrial spaces, such as shopping centers, hospitals, universities, gyms, factories, office buildings, and more.
