

## Estonia's GW-scale energy storage project

NIB has signed a EUR 27.7 million 10-year loan agreement with Baltic Storage Platform O&#220; to finance the construction of two battery energy storage projects, Hertz 1 and Hertz 2, in Estonia. The investment supports the region's transition to a more resilient and renewable-based energy system. Baltic Storage Platform secures landmark EUR85.6 The Baltic Storage Platform joint venture - bringing together French independent solar power producer Corsica Sole, Estonia's leading renewable energy developer Evecon, and Mirova, an affiliate of Natixis Baltic Storage Platform Secures EUR85.6M Financing for Battery Baltic Storage Platform JV--a French-based independent solar power company, Corsica Sole, and Estonian major renewable energy developer Evecon, alongside Mirova, a Baltic Storage Platform Secures EUR85.6m for Projects in EstoniaThe Baltic Storage Platform joint venture, formed by Corsica Sole, Evecon, and Mirova, has secured EUR85.6 million in financing for two large-scale battery energy storage NIB finances two large-scale battery energy The JV aims to develop, build, and operate two large-scale energy storage parks in Estonia. NIB is the international financial institution of Denmark, Estonia, Finland, Iceland, Latvia, Lithuania, Norway, and Estonia inaugurates its largest battery energy Estonian state-owned energy company Eesti Energia has inaugurated the nation's largest battery energy storage facility at the Auvere industrial complex in Ida-Viru County. Baltic JV nets EUR 85.6m for two battery projects in EstoniaThe Baltic Storage Platform (BSP) has secured EUR 85.6 million (USD 99.6m) from a group of European financial institutions to support the Hertz 1 and Hertz 2 battery energy Baltic Storage Platform secures EUR85.6mn for dual Joint venture Baltic Storage Platform has secured EUR85.6mn (\$90.7mn) to build two energy storage systems in Estonia, forming one of continental Europe's largest battery complexes. Eesti Energia Unveils Estonia's Largest Battery Storage System Estonia's state-owned energy company, Eesti Energia, has officially launched the country's largest battery energy storage system at the Auvere industrial complex in Ida-Viru Estonia moves forward with a groundbreaking The EUR100M project, led by Baltic Storage Platform, will deliver some of Europe's largest battery storage complexes with a combined capacity of 200 MW and a total storage capacity of 400 MWh, putting Estonia in the best Groundbreaking for 400MWh BESS in EstoniaBaltic Storage Platform, a joint venture (JV), has broken ground on two new 200MW/400MWh battery energy storage systems (BESS) in Estonia.Baltic Storage Platform secures landmark EUR85.6 million financing The Baltic Storage Platform joint venture - bringing together French independent solar power producer Corsica Sole, Estonia's leading renewable energy developer Evecon, Baltic Storage Platform Secures EUR85.6M Financing for Battery ProjectsBaltic Storage Platform JV--a French-based independent solar power company, Corsica Sole, and Estonian major renewable energy developer Evecon, alongside Mirova, a NIB finances two large-scale battery energy storage parks in Estonia The JV aims to develop, build, and operate two large-scale energy storage parks in Estonia. ---

Ida-Viru County. Baltic Storage Platform secures EUR85.6mn for dual battery project in Estonia. Joint venture Baltic Storage Platform has secured EUR85.6mn (\$90.7mn) to build two energy storage systems in Estonia, forming one of continental Europe's largest battery complexes. Estonia moves forward with a groundbreaking energy storage project. The EUR100M project, led by Baltic Storage Platform, will deliver some of Europe's largest battery storage complexes with a combined capacity of 200 MW and a total storage capacity of 400 MWh. Groundbreaking for 400MWh BESS in Estonia. Baltic Storage Platform, a joint venture (JV), has broken ground on two new 200MW/400MWh battery energy storage systems (BESS) in Estonia. Baltic Storage Platform secures landmark EUR85.6 million financing. The Baltic Storage Platform joint venture - bringing together French independent solar power producer Corsica Sole, Estonia's leading renewable energy developer Evecon, - is breaking ground for 400MWh BESS in Estonia. Baltic Storage Platform, a joint venture (JV), has broken ground on two new 200MW/400MWh battery energy storage systems (BESS) in Estonia.
