

Is there any customized outdoor power supply in Costa Rica

Do I need a power outlet in Costa Rica? The two most important things to note with the power outlets in Costa Rica is that they are Type A and B. If you come from a country that uses these plug types, you will not need an adapter. Do I need a power adapter for Costa Rica? You might be asking yourself, "What plug do I need for Costa Rica?" The good news for American travelers is that these outlets are the same as we use at home, meaning it won't be necessary to purchase a power adapter for Costa Rica. However, most other nationalities will need to purchase one to charge their devices. What power plugs and outlets are used in Costa Rica? In Costa Rica, there are two types of power plugs and outlets: Type A and Type B. Both types are used in airports, hotels, restaurants, etc., but they differ in terms of shape. Type A: Type A plugs have two flat prongs on either side of the plug. Do device plugs work in Costa Rica? Most device plugs will work with the outlet types in Costa Rica. Also, the voltage in Costa Rica is the same as in North America. Please note: an adapter will be needed if your device plug has a grounding pin and you are trying to use a Type A outlet. For this reason, we always recommend traveling with a universal travel adapter. What types of outlets are available in Costa Rica? Costa Rica outlets are plug types A and B. Devices with electric Plug A can fit in both Plug A and Plug B. Devices with Plug B can ONLY fit into Plug B electrical outlets. Note: Some places we stayed in Costa Rica only had Plug A power outlets. In that case, our Plug B devices would have required an adapter. What are the best travel power adapters for Costa Rica? When traveling, it's important to find the right adapters for Costa Rica. Universal travel power adapters are great, as they fit in over 150 countries, including Costa Rica. These adapters let you charge multiple devices at once with travel power strips. For charging via USB, travel USB wall chargers are perfect. The good news for American travelers is that these outlets are the same as we use at home, meaning it won't be necessary to purchase a power adapter for Costa Rica. However, most other nationalities will need to purchase one to charge their devices. The good news for American travelers is that these outlets are the same as we use at home, meaning it won't be necessary to purchase a power adapter for Costa Rica.
