

Home We design and manufacture high-quality custom enclosures while offering professional assembly, system integration, and tailored support services for telecom, solar, and industrial equipment worldwide. LZY-ZB Telecom Battery Cabinet By combining space optimization, state-of-the-art battery management and robust safety in a turnkey enclosure, the LZY-ZB Telecom Battery Cabinet provides a cost-effective, high Outdoor Power Cabinet | Power Cabinet | LongXing outdoor power cabinet provides flexible size options, offers the ideal enclosure solution to build the whole base station inside. BTS Cabinet for Telecom Base Stations | Outdoor BTS High-quality BTS cabinets designed for telecom base stations. Weatherproof, temperature-controlled, and customizable to protect communication equipment in harsh outdoor Base Station Energy Cabinet The Base Station Energy Cabinet is a fully enclosed, weather-resistant telecom energy cabinet designed to provide reliable power distribution and battery backup for outdoor communication Indoor Photovoltaic Telecom Energy Cabinet Integrates solar input, battery storage, and AC output in a compact single cabinet. Offers continuous power supply to communication base stations--even during outages. Remote Outdoor Integrated Telecom Cabinet for Base Stations Durable outdoor integrated telecom cabinet for base stations and data nodes. Provides reliable protection and efficient housing in harsh environments. Telecoms Cabinet Manufacturing for Outdoor Our cabinets are built to withstand harsh weather conditions and provide excellent protection for power management systems, telecom base stations, energy storage battery systems, and radio equipment. COMMUNICATION BASE STATION POWER MANAGEMENT AND DISTRIBUTION CABINET The base station power cabinet is a key equipment ensuring continuous power supply to base station devices, with LLVD (Load Low Voltage Disconnect) and BLVD (Battery Low Voltage
