

## Mozambique's new energy storage battery company

GLOBELEQ'S FIRST COMBINED SOLAR & BATTERY STORAGE

Source Energia is an independent developer of renewable energy projects in Mozambique and Angola. The company is developing a portfolio focused on the development and management of on-grid and off-grid projects. Mozambique's first solar project including grid-scale battery storage. It will supply power to EDM via a 25-year power purchase agreement (PPA), making it Mozambique's first IPP facility to be integrated with energy storage. The project's scope includes upgrades to a 19MWp solar-battery project. Cuamba will be the first independent power producer in Mozambique to use energy storage. Power will be sold through a 25-year power purchase agreement signed with EdM in September last year. The Mozambique: Solar, battery energy storage plant Commercial operations at the 19MWp Cuamba Solar PV and 7MWh battery energy storage plant in Mozambique are officially underway. The plant supplies clean energy to Electricidade de Moçambique (EDM), Globeleq Begins Commercial Operations at Cuamba Solar and Globeleq, Africa's independent power producer, has today announced the launch of commercial operations at the 19 MWp Cuamba Solar PV and 7 MWh energy storage plant.

BATTERY BASED ENERGY STORAGE SYSTEM

Several African countries have formally expressed interest to join the groundbreaking Battery Energy Storage Systems (BESS) Consortium, launched Saturday during COP28, which could have energy storage applications in Mozambique.

Mozambique: Solar, battery energy storage plant kicks into gear

Commercial operations at the 19MWp Cuamba Solar PV and 7MWh battery energy storage plant in Mozambique are Mozambique Joint Energy Storage Project Bidding: What You Let's cut to the chase--Mozambique's latest joint energy storage project bidding isn't just another infrastructure tender. With global energy storage now a \$33 billion industry Mozambique's Energy Storage Revolution: Powering Sustainable As we approach Q2 , Mozambique's draft National Storage Strategy aims to triple grid-connected storage capacity while establishing local battery assembly plants. Solar battery hybrid system for Mozambique mine now operational

Operations and ownership of the Solar and Battery Hybrid System will be transferred to Syrah Resources at nil cost at the end of the 10-year BOOT term. A GLOBELEQ'S FIRST COMBINED SOLAR & BATTERY STORAGE
