

Solar system cabinet

What is included in a solar panel cabinet? Also included are labelled brass terminals for inverter, batteries and battery charger. The cabinet includes built-in double-pole isolators for the solar panels, and bypass switch for the PL regulator so it maintains its memory and settings, for when the main battery fuse is withdrawn during servicing.

What is a solar battery box? This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.
