

TORONTO, Sept. 10, (GLOBE NEWSWIRE) -- Clear Blue Technologies International Inc. ("Clear Blue") (TSXV: CBLU) (FRA:0YA) (OTCQB: CBUTF), a leader in Smart Power, announces that it has entered into an agreement to provide 100% renewable energy solutions for rural telecommunications SunGate's Commercial and Institutional solar solutions offer unparalleled flexibility and can be SunGate offers a variety of high-quality solar solutions to serve household and SunGate also enabled an innovative electric cooking pilot project powered by the Every solar installation starts with a TORONTO, Sept. 10, (GLOBE NEWSWIRE) -- Clear Blue Technologies International Inc. ("Clear Blue") (TSXV: CBLU) (FRA:0YA) (OTCQB: CBUTF), a leader in Smart Power, announces that it has entered into an agreement to provide 100% renewable energy solutions for rural telecommunications sites in MECH Energy is a local EPC (Engineering Procurement Construction) company that specializes in end-to-end Solar Energy and Electrical Engineered solutions & products. We assess, design, procure, install, maintain, repair and operate tailored solar solutions to both residential and commercial The instability of South Sudan has hindered investment in energy infrastructure, stifling economic development, and increasing poverty. Only costly diesel-based energy sources are available to meet energy needs, however, 80% of South Sudanese live below the poverty line and cannot afford this SOLX is a leading company in solar energy solutions providing integrated services for designing, installing, and maintaining solar energy systems for homes, businesses, and large projects. We believe that clean energy is the foundation of a sustainable future. Transform solar energy into a main South Sudan has taken a significant step toward renewable energy with the launch of its first large-scale solar power project. The Ezra Group, a prominent business conglomerate, has successfully developed and financed a 20-megawatt (MW) solar power plant, complemented by a 14-megawatt-hour (MWh) Clear Blue Technologies to Provide Renewable Energy Solutions Clear Blue Technologies to implement renewable energy solutions, bringing sustainable power to rural, off-grid telecommunications sites in South Sudan and the DRC. MECH Energy Ltd Our sales engineers have experience & can design any system. We must go above our customer expectations during interaction. Our industrial solar systems are designed to reliably power. SunGate SolarTo test its performance as a localized power generation and distribution network, SunGate Solar installed South Sudan's first solar microgrid to deliver clean, reliable, and Ezra Group Launches 20 MW Solar Power Project Ezra Group launches South Sudan's first 20 MW solar plant with 14 MWh battery storage, enhancing clean energy and grid stability. Solx SOLX is a leading company in solar energy solutions providing integrated services for designing, installing, and maintaining solar energy systems for homes, businesses, and large projects. South Sudan's Milestone in Renewable Energy: With a strong focus on sustainability and cost reduction, Ezra Group aims to accelerate South Sudan's transition to a greener and more energy-secure future. This project marks a significant achievement for South Sudan launches solar energy Ezra Construction & Development Group remains dedicated to discovering cleaner and more cost-efficient power alternatives. The Group continues to work towards reducing Depo Energy & Contractors Ltd.

Delivering Quality Solar Energy Products and Services in South Sudan. 01. Offering expert design and installation of solar electric equipment. 02. Providing turn-key photovoltaic systems for seamless solar integration. South Sudan: First major solar energy, BESS plant A public-private partnership in South Sudan has launched the country's first major solar power plant and Battery Energy Storage System (BESS) in the capital Juba, where it is expected to provide electricity to Solar Solutions for South Sudan Sungate Solar offers reliable and sustainable solar solutions in South Sudan. Our innovative products and services provide access to clean energy, powering homes, businesses, and Clear Blue Technologies to Provide Renewable Energy Solutions Clear Blue Technologies to implement renewable energy solutions, bringing sustainable power to rural, off-grid telecommunications sites in South Sudan and the DRC. Ezra Group Launches 20 MW Solar Power Project With 14 MWh Ezra Group launches South Sudan's first 20 MW solar plant with 14 MWh battery storage, enhancing clean energy and grid stability. South Sudan's Milestone in Renewable Energy: First Major Solar With a strong focus on sustainability and cost reduction, Ezra Group aims to accelerate South Sudan's transition to a greener and more energy-secure future. This project Depo Energy & Contractors Ltd. Delivering Quality Solar Energy Products and Services in South Sudan. 01. Offering expert design and installation of solar electric equipment. 02.
