

Tonga subsidizes local solar inverters

What is a solar farm & how can it help Tonga? Producing energy since August this year, and providing power for up to 10,336 households, the Solar Farm is helping The Government of Tonga pursue its National Energy Roadmap plans to see up to 70% of Tongatapu's electricity generation sourced from renewables by the end of . Can Australia help secure Tonga's outer island energy needs? Australia also has a long history of engagement in relation to helping secure Tonga's outer island energy needs. In the early 2000s, Australia funded the Ha'apai Outer Islands Electrification project (HOIEP), which involved the installation of diesel-powered generators and electrical reticulation on four islands in the Ha'apai group. How can OIREP help Tonga's remote island communities? However, significant needs and opportunities exist to further expand renewable energy systems on outer islands. Less tangible, but also important is the role played by OIREP in consolidating Tonga's social contract with remote island dwelling communities, by allowing for enhanced and more reliable access to electricity. Who inaugurated Tonga's New 6MW solar power plant? In the presence of Their Majesties King Tupou VI & Queen Nanasipau'u, The King & Queen of The Kingdom of Tonga, Tonga's new 6MW solar power plant was officially launched today at Fualu, Tongatapu by Prime Minister of the Kingdom of Tonga, Hon. Hu'akavameiliku. How many people have access to electricity in Tonga? This means that little more than 30,000 people are spread across 35 islands, presenting acute issues in terms of the provision of modern infrastructure. At OIREP commencement, the ADB estimated that 89% of all households across Tonga had access to electricity. What is Sunergise Tongatapu solar farm? The Sunergise Tongatapu Solar Farm is the largest in the South Pacific. It was built as part of a power purchase agreement between Sunergise New Zealand Limited, a Todd Corporation solar company and Tonga Power Limited, with support from the Asian Development Bank. Energizing Remote Islands in Tonga with Mini-Grid Solar Jun 4, – Objectives: To discuss: The recent installation of solar mini-grid systems on three remote islands in Tonga: Niuafu'ou, O'ua, and Mo'unga'one. And some case studies from Niuatoputapu solar hybrid system & mini grid commissioned Jul 28, – It will provide 100% electricity accessibility to over 280 households on the island. The system is a hybrid of solar and thermal power, which will ensure a reliable and efficient Solar mini-grids power up remote Tongan Jul 10, – Tonga is making tangible progress toward its renewable energy targets with the rollout of solar-powered mini-grid systems across its outer islands, in a bold move to reduce its dependence on expensive Investing in Tonga: Solar Manufacturing & Investment Act Oct 9, – Discover the benefits of Tonga's Foreign Investment Act for solar manufacturers. Learn about tax holidays, duty-free imports, and how to start your business. OIREP | Tonga Power Limited The Tonga Outer Island Renewable Energy Project (OIREP) will construct Solar Photovoltaic (PV) power plants on 8 outer islands. The "on-grid" portion will be allocated to Ha'apai and 'Eua, Solar Energy Tonga SIT - Solar Island Technology are promoting and implementing Solar Energy Solutions in Tonga and neighbouring Islands for a more sustainable and affordable future. South Pacific's Largest Solar Farm Launched Dec 7, – Implemented by New Zealand company Sunergise,
