

## Uzbekistan Energy Storage Cabinet Battery Project

EBRD provides \$142mn to develop Uzbekistan's largest combined solar photovoltaic and battery energy storage project, totaling 1 GW capacity and boosting renewable energy and grid reliability in the region. The EBRD is providing \$142mn to develop Uzbekistan's largest combined solar photovoltaic and battery energy storage project, totaling 1 GW capacity and boosting renewable energy and grid reliability in the region. The EBRD co-finances major renewable energy and battery project in Uzbekistan. The European Bank for Reconstruction and Development (EBRD) is providing a comprehensive financing package of US\$ 142 million (EUR121 million) for two special-purpose vehicles developing Uzbekistan's largest solar and battery energy storage project. EBRD invests in 1 GW of solar, 1.3 GWh of storage in Uzbekistan. When combined, the 1 GW of solar and 1.34 GWh of battery energy storage will be the largest solar-plus-storage facility in Uzbekistan and the wider region, EBRD says. Sumitomo Corporation Signs Project Financing Agreements for Uzbekistan. The Project will develop the largest combined solar photovoltaic and energy storage initiative in Uzbekistan to date. Construction is scheduled to be completed after commercial operation. EBRD Funds \$142 Mln for Uzbekistan's 1GW Green Energy Project. The European Bank for Reconstruction and Development (EBRD) is extending \$142 mln (EUR121 mln) in financing for two special-purpose vehicles developing Uzbekistan's largest solar and battery energy storage project. EBRD provides \$142m for solar and battery project in Uzbekistan. The European Bank for Reconstruction and Development (EBRD) is co-financing a solar energy and battery project in Uzbekistan by offering a financing package of EUR121m (\$142m). EBRD Backs Central Asia's Largest Solar and Battery Project, A \$142 million financing package from the European Bank for Reconstruction and Development (EBRD) is set to catalyze Uzbekistan's largest renewable energy and storage project. Sumitomo Corporation Signs Project Financing Agreements for Uzbekistan. The Project involves the construction, ownership and operation of solar power plants that can generate 1,000 MW, equivalent to the annual electricity consumption of Uzbekistan. ADB, Partners Sign Deal to Build Landmark Solar with Battery Power Plants in Uzbekistan, Largest in Central Asia. ADB and partners mobilize financing for solar and battery project in Uzbekistan to build new solar plant and first battery energy storage. The World Bank Group, Abu Dhabi Future Energy Company PJSC, and the Government of Uzbekistan have signed a financial package to fund a 250-megawatt solar and battery energy storage project. EBRD provides \$142mn to develop Uzbekistan's largest solar and battery project. The EBRD is providing \$142mn to develop Uzbekistan's largest combined solar photovoltaic and battery energy storage project, totaling 1 GW capacity and boosting renewable energy and grid reliability in the region.
