Why did Pope Francis ask the Vatican to build a solar farm? Pope Francis last year asked the Vatican to study developing the area into a vast solar farm, hoping to put into practice his preaching about the need to transition away from fossil fuels and find clean, carbon-neutral energy sources. Pope Leo XIV visited the site in June and affirmed that he intended to see Francis' vision through. Does Vatican City have solar power? Yes. Vatican City has joined Albania, Bhutan, Nepal, Paraguay, Iceland, Ethiopia and the Democratic Republic of Congo to become one of just eight countries in the world to generate 100% of its electricity from renewable sources. Several church organizations around the world are making the move to solar. Why does the Vatican have a solar system? The Vatican's solar shift is a culmination of a political and spiritual mission years in the making. In , the late Pope Francis issued an apostolic letter ordering the construction of an agrivoltaic solar plant to supply the Vatican with energy from Santa Maria di Galeria. On the same site, the new solar infrastructure now stands. Why did Acea install a solar energy system in Vatican City? This project was carried out by ACEA, an Italian utility company, which installed systems to meet all of the Vatican's energy demands. What makes this significant is not the size, but that Vatican City is only 0.49km<sup>2</sup>, and there was no loud campaign, no press tour, just action set in stone and implemented. Will Vatican City become a fully solar-powered state in ? By May 29th, , that vision was fulfilled, and the Vatican City became one of the only fully solar-powered states in the world, setting a clear precedent on how belief and sustainability can align. Will Italy turn a 430-hectare field north of Rome into a solar farm? (Yara Nardi/Pool Via AP) ROME (AP) -- Italy agreed Thursday to a Vatican plan to turn a 430-hectare (1,000-acre) field north of Rome, once the source of controversy between the two, into a vast solar farm that the Holy See hopes will generate enough electricity to meet its needs and turn Vatican City into the world's first carbon-neutral state. Vatican strikes solar farm deal to become the world's first Aug 1, &#x2013;&#x2013;The Vatican denied there was any causal link but cut back the transmissions.
