

How can solar industry leaders stave off bankruptcies? Despite being disappointed by the Senate's bill text, industry leaders are hoping to stave off bankruptcies by pointing to the economic impact the cuts would cause. "We are in a fight for our lives," said Abigail Ross Hopper, CEO of the Solar Energy Industries Association at a rally in Washington on Tuesday. What's going on with California Solar & Storage? The California Solar & Storage Association reports that the fallout includes thousands of stalled projects, over 17,000 industry layoffs, and a wave of high-profile bankruptcies. While stronger players demonstrate some resilience, impacted homeowners and solar employees face prolonged uncertainty. Is the US residential solar industry on the brink of collapse? From pv magazine USA The US residential solar industry may now be on the brink of collapse. Facing macroeconomic challenges and shifting state and federal policies, an industry once defined by double-digit growth in installations is now experiencing steep declines - and the latest draft of the One Big Beautiful Bill Act makes conditions even worse. What happens if a solar system goes out of business? The supply chain for solar components might experience fluctuations due to altered demand patterns. Industry consolidation might occur, with larger players absorbing defunct companies' client base and assets. Homeowners may worry about the longevity and maintenance of their solar systems. Why are solar stocks falling? Several solar stocks have suffered double-digit declines. Renewable energy companies were already struggling to navigate high interest rates and the higher cost of capital over the past year, and the recent draft legislation has only exacerbated the sector's financial strain. What happened to solar panels in the 2010s? The three main players in residential solar in the 2010s -- Panasonic, LG and SunPower -- have now all exited the market. LG closed its solar division in , and SunPower sold its panel tech to Maxeon in before eventually going bankrupt as an installer last year.
